

Three Knife Trimmer Fiorino

The Fiorino produced by Zechini Gra-For represent the combined effort and experience of more than 45 years in the production of bookbinding and graphic arts machinery.

Zechini utilises the latest in innovation and technology to insure that the Fiorino is the absolute leader in its field.

Say goodbye to the wooden pressing block common in traditional 3 knife trimmers. (No longer is it necessary to prepare the wooden block for each size of book produced).

Say hello to push button automation.

Simply enter the dimensions of the book desired on the digital computer conveniently located on the front of the machine.
The Fiorino will automatically adjust and position the knives and pressing unit to the required format.

Technical Data	Complete book change, only 8 second
	Maximum book size: 13"x15" (380x330 mm)
	Maximum thickness: 2" (50 mm)
	Production Speed approximately 1500 per hour depending on book size
	Can be use in line with most perfect binders
	Digital blade adjustment (after blade change)
	Power required: 5 Kw
